<p><b>Messenger (Facebook)</b></p>  <p>It's just like texting, but you don't have to pay for every message (it works with your data plan).</p> <p><b>Features:</b> Get to your messages without opening Facebook. Bring your conversations to life with stickers. Send photos privately. Have group conversations and make plans on the go. Text your phone contacts, even if you're not Facebook friends. Share your location so people know when you're nearby. Record voice messages.</p>	<p><b>iBrainstorm</b></p>  <p>Capturing and sharing your inner most creative genius has never been easier. Introducing the first multi-device collaboration tool from Universal Mind. From iPad to iPad with just a flick of the finger, iBrainstorm has set the bar and has redefined the very nature of collaboration.</p> <p>Add a note, then drag and drop it anywhere on the iPad's screen to create any desired order or pattern. Assign colors to give additional meaning or priority. Provide clarity to your students or classmates through simple organization.</p> <p><b>Facebook</b></p>  <p>Class pages, team pages, private groups for students to connect....</p> <ul style="list-style-type: none"> <li>• Share updates, photos and video</li> <li>• Get notified when friends like and comment on your posts</li> <li>• Watch and interact with live video</li> </ul> <p>Family and community engagement resource.</p>
<p><b>Jot!</b></p>  <p>Jot! is a simple, fast whiteboard that lets you sketch out your ideas and share them in real time. Draw, take notes, or wireframe on your iPad quickly and easily as soon as ideas come to you. Share your ideas via email or save them as photos. Collaborate in real time over the internet with Live Sharing.</p> <p><b>VIEW IN REAL TIME</b> View other Jot! users sketches in real time over the internet. Join a Live Sharing session and get on the same page in a snap.</p> <p><b>SKETCH YOUR VISION</b></p>	<p><b>WhatsApp Messenger</b></p>  <p>FREE messaging app available for iPhone and other smartphones. WhatsApp uses your phone's Internet connection (4G/3G/2G/EDGE or Wi-Fi, as available) to let you message and call friends and family.</p> <ul style="list-style-type: none"> <li>• MULTIMEDIA: Send and receive photos, videos, and Voice Messages.</li> <li>• FREE CALLS: Call your friends and family for free with WhatsApp</li> <li>• FREE MESSAGES: Call your friends and family for free with WhatsApp</li> </ul> <p>Calling, even if they're in another country.* WhatsApp calls use your phone's Internet connection rather than your cellular plan's voice minutes. (Note: Data charges may apply. Contact your provider for details.)</p> <ul style="list-style-type: none"> <li>• GROUP CHAT: Enjoy group chats with your contacts so you can easily stay in touch with your friends or family.</li> </ul>

<p><b>Awesome Note 2 \$5.99</b></p>  <p>All-in-one Organizer, Awesome Note 2 is integrated with note and schedule management is now available! It can be used not only for simple notes, but also for rich and wonderful writing tools.</p> <ul style="list-style-type: none"> <li>- Make even more powerful notes to add photos, voice recordings and drawings.</li> <li>- Easily create diary notes to display feeling, weather or road map</li> <li>- Check todo lists and manage all schedules with using calendar</li> <li>- Receive notifications for important events and easily manage anniversaries and birthdays.</li> </ul> <p><b>Wolfram Alpha</b></p> <p>Across thousands of domains—with more continually added—Wolfram Alpha uses its vast collection of algorithms and data to compute answers and generate reports for you.</p> <p>Parts of Wolfram Alpha are used in the Apple Siri Assistant; this app gives you access to the full power of the Wolfram Alpha computational knowledge engine. Domains covered by Wolfram Alpha include:</p> <ul style="list-style-type: none"> <li>- Kidspiration Maps helps young readers and writers in grades K-5 learn to organize and classify information, gain sight word knowledge and expand their ideas into written and verbal expression. By creating story maps, Venn diagrams, and webs, students visualize what they are learning, improving their understanding and comprehension.</li> </ul> <p>Features:</p> <ul style="list-style-type: none"> <li>- Friendly design developed specifically for iPad</li> <li>- Diagrams are easy to build - and save instantly</li> <li>- Create an unlimited number of documents</li> </ul>	<p><b>Maptini \$4.99</b></p>  <p>Build mind maps collaboratively on your iPad, iPhone, or Web, syncing data in real time as you work with your friends, classmates or colleagues from anywhere in the world. Easy-to-use interface and real-time sync makes creating mind maps a state-of-the-art collaboration experience. Your co-creators can add to the visual map from their own devices, and their changes will appear on your screen as you work.</p> <p>Work from your portable device using this app, or head to Maptini.com to create, edit and share maps on the Web.</p> <p><b>Snap the Notion</b></p> <p>A learning game app designed for classroom use, and can be used anywhere you want to promote students' collaboration, communication and creativity by transforming learning tasks in a fun way.</p> <p>The game has been designed with the following requirements in mind:</p> <ul style="list-style-type: none"> <li>• It should be fun</li> <li>• It should be instructive</li> <li>• The game should promote collaboration between students</li> </ul> <p><b>Pages \$14.99</b></p> <p>Word processor on a mobile device. Pages has been designed exclusively for the iPad, iPhone, and iPod touch with support for Multi-Touch gestures and Smart Zoom.</p> <p>Get a quick start by using one of over 60 Apple-designed templates. Or use a blank document and easily add text, images, shapes, and more with a few taps. Then format using preset styles and fonts. And use advanced features like change tracking, comments, and highlights to easily review changes in a document. Collaborate with others at the same time (beta)</p>
<p><b>YouTube</b></p> <p>See what the world is watching in music, gaming, entertainment, news and more. Explore the hottest videos on YouTube with the new trending tab. Subscribe to channels, share with friends, edit and upload videos and watch on any device.</p> <p>Alternative – Kids YouTube app filters all videos by age level that can be set by the educator. No ads and only suggested videos by search that are within the age selected.</p>   <p><b>Google +</b></p> <p>Discover amazing things created by passionate people:</p> <ul style="list-style-type: none"> <li>• Explore your interests</li> <li>• Group things that you love into collections</li> <li>• Connect with people who share your interests</li> <li>• Join communities of people around any topic</li> </ul> <ul style="list-style-type: none"> <li>• Build a home stream filled with amazing content</li> </ul>	<p><b>Strip Designer \$4.49</b></p>  <p>Select one of the many included comic book page templates. Add photos or drawings. Insert balloons to add life to your pictures. Finally, add comic book symbols (stickers) like "Boom", "Splash", or "Bang" to spice up the story and give it that extra comic book look. Once you are happy with your new graphic novel, share it with friends and family.</p> <p>Photos can be added from the camera, your photo-album, or downloaded directly from your Facebook account. You can apply filters to photos, and change the layout of the page to fit your needs. You can even paint on the photos, or draw your own sketches from scratch.</p> <p><b>TED Talks</b></p> <p>Feed your curiosity and expand your world with TED Talks.</p> <p>Explore more than 2,000 TED Talks from remarkable people, by topic and mood, from tech and science to the surprises of your own psychology.</p>
