Challenge/Project

Design Process Explained

ASK

What is the problem? What are the rules?

IMAGINE

What are some solutions/explanations? Brainstorm!

Plan

Draw a diagram, get supplies, make a list of steps.

Create

Follow the plan, collaborate, manage time and TEST.

Improve

What didn't work? Can it be better? Test Again!

Present

Share your design, include the whole team!

ASK

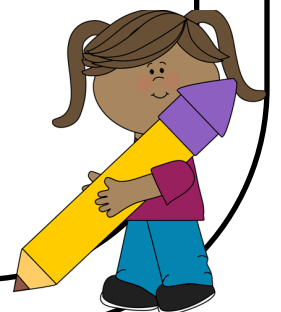

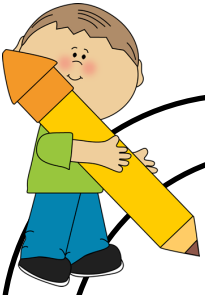

IMAGINE

PLAN

Supplies

Steps To Take

DIAGRAM

Create– What are some struggles in the design? How many times did you test?

Improve—What did you need to fix? Test again....re-design....test again

Present– How are you sharing your design?
